

Master in Global Management

Expand your business career opportunities and gain insights into the different aspects of working in a global context.

This master will equip you with all the necessary skills for an international career in business.

- Develop your strengths in entrepreneurship, people management, team motivation, emotional intelligence and creative leadership and enhance your management capabilities.
- Dive into real-life case studies about strategic problems, participate in workshops, business games, practical assignments and take part in the global internship or consultancy project.
- Immerse yourself daily in a multicultural environment by working closely together in small groups of students from 5 continents, an international teaching faculty and many guest lecturers.

Career Prospects

Graduates from this program start working in a variety of companies and industries:

Altas Copco, ING, Salesforce, Media Markt, Microsoft, Deloitte, Alpro UPS, The Kraft Heinz Company, European Space Agency, Adidas Group, RaboBank, ORMIT, DHL Aviation NV, PwC, IBM, BVLGARI, Bank of China, IKEA Group, TUI Benelux.

“It is great to see our students develop into mature professionals, set to face tomorrow’s business challenges. They work in international teams daily, tackle business challenges from multiple angles and use creative thinking processes to envision future possibilities. Additionally, we are proud to see them actively take up the responsibility as sustainability ambassadors and adopt one of our core values at AMS.” — Prof. Dr. Sofie Rogiest, Academic Director

| 5% | Others |

“My favorite thing about MGM? The sharp growth in how we all evolved from strangers coming from many different cultures, to classmates, to friends, and to family in just a couple of months, which results in a lifelong international network.”

— Alumnus Willem Corstjens
