

Appendix A

This appendix to the specific agreement between UCL/FUNDP and ZJU provides the details with respect to the Master's Degree Scheme.

1. Program offered

Students from ZJU may choose to follow the Master Programs of the Economics School of Louvain: Master en sciences économiques, orientation générale, à finalité approfondie / Master of Arts in Economics: General, Research focus (second level training, amounting to 120 credits). The students will be able to apply directly for entrance in the second year of the research master program

2. Entry requirements

Eligible students must meet the following admission criteria. First, the students hold a four year bachelor degree in economics from ZJU and possess an adequate background in economics and strong analytical skills. Second, they should have a good command of oral and written English. Third, they should show a strong motivation to be enrolled in this scheme.

3. Scholarships

Various chinese scholarships are provided to promote the implementation of this agreement.

4. Application and Admission Procedure

The admission procedure contains the following steps and deadlines:

February Pre-selection of candidates by ZJU

Before March 31st Submitting the complete application package to UCL

Before May 31st Final academic admission decision by UCL.

The application package should include the following documents:

- An official cover letter by ZJU,
- A completed and signed UCL application form,
- A copy of the students' English proficiency test (IELTS or TOEFL),
- A certified copy of the student's Bachelor diploma,
- A certified English translation of all diplomas/certificates, transcripts of records/list of grades and other documents,
- Two letter of recommendation by ZJU professors revealing the applicant's ability to take part in this scheme or a true copy of the student's GRE score.
